About the Conference

The conference aims to enhance students' medical knowledge through research publication, facilitate networking and collaboration among students and professionals, provide career guidance and insights, showcase student research projects and promote innovation, and inspire and motivate students through keynote speakers who have excelled in the medical field.

The conference represents a significant milestone in the Establishment of Intercalated Program in Basic Medical Sciences in Jordan iBMS-JO project, highlighting its dedication to advancing medical education, fostering collaboration, and motivating future medical professionals in Jordan.

All the conference abstracts will be published in the JAPA Academy Journal.

The First Medical Students Conference in Jordan (MSC-JO)

In Collaboration with JAPA Academy Journal

Co-funded by the Erasmus+ Programme of the European Union
